

HELLO EVERYONE

Welcome to Fall!

Welcome Back to New Steps Childcare Centre!

Wow! What a year 2020 has been so far! Due to the un-precedented times we are living in our centre has been closed for some months. On July 6th we reopened our doors. We are pleased to let you know we are accepting new applications for enrolment.

I am excited to say the children that have already returned are enjoying our amazing program even while we work through all the required safety protocols and guidelines!

Over the past few months the children have had opportunities to come to school dressed as their favourite superhero, they have been able to enjoy culture day all dressed up in national costumes. They had a blast! Our well rounded program ensures that all the developmental needs are acknowledged and met, the social, cognitive, fine-motor, gross-motor, creative and spiritual all are all of equal importance to the healthy development of each child within our care. We are a Christian based Centre, and the children really enjoy singing a variety of Christian themed songs, and engage in listening to the bible stories that the teachers relate to them through stories, plays and interactive activities. They have adapted very well to enjoying classroom activities while social distancing. We have enhanced our environment to meet the protocols and guidelines that have been put in place to keep the children safe while attending our Centre.

As our first priority is health and safety, parents are only permitted to accompany their child(ren) to the front entrance; however we have implemented an initiative that enables the parents to see their child at different points through the program and their day, by capturing those moments on camera. We have had positive feedback and appreciation from many of our parents.

We are OPEN... we are excited to provide the quality care we have become recognized for since 1978... for your child... for your family!
